WASHINGTON, D. C.,  
*November 19, 1934.*

## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: This is a report on the amendment to the Code of Fair Competition for the Warm Air Furnace Manufacturing Industry, as submitted by the Code Authority of said Industry pursuant to Article V, Section 2 of said Code. A public hearing was held on May 24, 1934, in accordance with the provisions of the National Industrial Recovery Act.

The amendment, which limits discounts, will eliminate discrimination between customers.

### FINDINGS

The Assistant Deputy Administrator in his final report to the National Industrial Recovery Board on said amendment to said Code having found as herein set forth, and on the basis of all the proceedings in this matter:

It is found that:

(a) The amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the Industry as a whole.

(d) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, this amendment has been approved.

For the National Industrial Recovery Board:

W. A. HARRIMAN,  
*Administrative Officer.*

NOVEMBER 19, 1934.
